Executive Order 016

Unlawful Workers Directive

Section 1. Purpose

This administration, as part of our agenda to improve and restructure all federal law enforcement, hereby re-establishes in full the following directive for employees of agencies throughout the Executive Branch.

The Unlawful Workers Directive ensures that all federal agency hires are made up of verified citizens in the group. New members pending immigration should wait until they are fully verified to become an American Citizen and are not a flagged/alternate account.

Section 2. Information

- (a) All agency employers must verify that any new hire is a Citizen of the United States of America. Employers must maintain proper documentation and follow federal hiring guidelines to ensure compliance.
- (b) ‘Citizen’ is defined as one with the rank of ‘American Citizen’ or higher in the [USA]The United States of America group.
- (c) Those ranked ‘Immigration Office’ are allowed to seek employment opportunities, but may not be officially accepted or hired into any relevant nUSA groups until they are officially immigrated.

Section 3. Enforcement

- (a) Any federal agency found employing unauthorized individuals will face disciplinary measures. Such instances should be reported to the Department of Homeland Security's Investigation Office, found here: <https://discord.gg/6UNeucers7>
- (b) Failure for any law enforcement personnel to comply with this Executive Order and its accompanying information will result in disciplinary action, covering either suspension to termination, as determined by the individual's respective agency or the Homeland Security Investigation Office.

A handwritten signature in black ink that reads "Rathuzen". The script is fluid and cursive, with the first letter 'R' being particularly large and stylized.

President Rathuzen

THE WHITE HOUSE,
